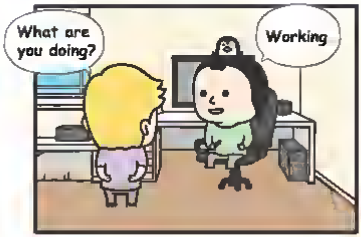
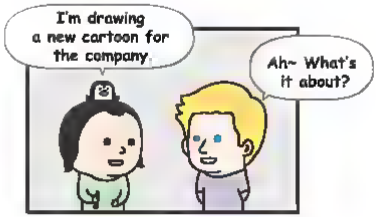
Penguin Loves Mev In the UK

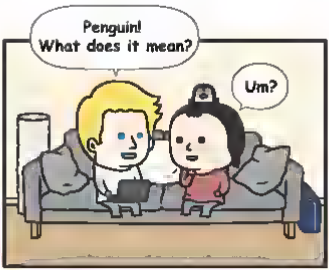
New Products!



Mev cares a lot about my work



He always wonders what kind of work I'm doing...



What kind of comments are on the webtoon pages...

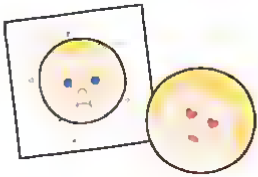
... he also sometimes replies to comments.

And he always asks me about my character merchandise or books.

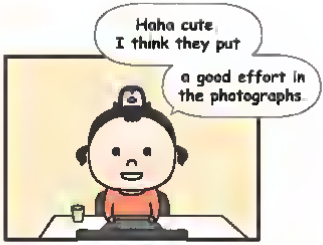
So I tell him all the time whenever I have news.

Then a while ago..

We saw new PLM products on the webtoon studio web site of Naver.



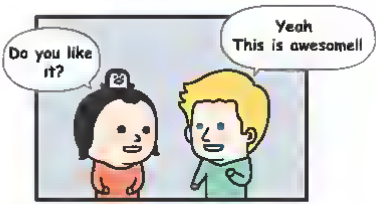
The new products were some message cards with our character faces.

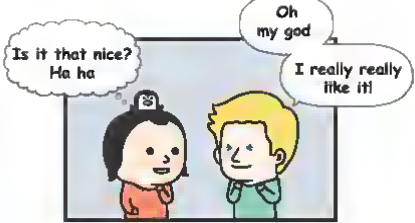


I called Mev to show them..

And his response was...

...amazing





That was a lot more than I expected, so it almost made me feel a bit weird.

Then he told me

What's the name?

Marsh...

Mellow...

Marsh..

Marsh...
Marsh mellow

What do I do with him...

Isn't it new marsh mellows?
